

In 2013, Couleecap Inc. conducted a needs assessment to gather information regarding the needs of low-income individuals and families in a four-county service area (Crawford, La Crosse, Monroe, and Vernon counties). Information was gathered via surveys designed for low-income households. Surveys were distributed to a total of 1,350 households with 1,185 responses in the Couleecap Service area (response rate = 88%).

In Crawford County, 193 surveys were collected. The responses from low-income households represent at least 593 people (adults and children) that live in Crawford County. Demographic information about the low-income households includes:

- 73% had annual incomes less than \$20,000; an additional 10% had incomes between \$20,000 and \$29,999.
- 35% had income from wages; 10% had income from self-employment.
- 11% received income from unemployment.
- Other sources of cash income:
 - 30% received income from Social Security
 - 25% received income from Social Security Disability
 - 18% received income from SSI
- Other sources of support:
 - 50% received support from Food Share / Food Stamps
 - 42% received support from Food Pantry
 - 37% received from Medicaid / Medicare
- 30% were renters; 63% owned their own home.
- 6% could be considered homeless.
- 39% had children.
 - 19% with children were single-parent households
 - 20% with children were married-parent households
- 49% had at least one person limited by a physical, mental or emotional problem.
- 35% have had at least one adult have difficulty finding employment because of physical, mental, or emotional problems.

The information from the 2013 Couleecap Needs Assessment along with information from other recent, local assessments will be used to help plan for and implement services to address the needs of low-income households in Crawford County.
