Jacob Robertson Receives Home Energy Professional Quality Control Inspector (QCI) Certification

(Westby, WI) Couleecap is pleased to announce that Jacob Robertson, Couleecap's Quality Assurance Inspector has achieved the Home Energy Professional Quality Control Inspector (QCI) certification. The Department of Energy is requiring that beginning in 2016 any home weatherized must be inspected by a QCI certified inspector. The QCI is a challenging process and Jacob was one of the first to pass, only 12 individuals have passed in the State of Wisconsin.

Couleecap would like to congratulate Jacob on this wonderful accomplishment. "We are fortunate to have Jacob as a member of Couleecap's Weatherization Department. With this certification he has shown his experience and vast knowledge of our program. He is a valuable asset to our agency," said Tom Mayne, Couleecap Energy Services Manager. "Couleecap Board members and staff appreciate the additional time and effort he dedicated to completing this certification process."

Couleecap, Inc. is a private non-profit 501c3 charitable organization. Couleecap helps people in need with housing, food, transportation, and more. In 2014, Couleecap's Home Weatherization program helped 266 households with home weatherization services. Created in 1966, we are a community action program that fights poverty and promotes self-sufficiency in Crawford, La Crosse, Monroe, and Vernon counties.
